

## NEWSLETTER MARCH 2022

Dear friend of the Minett UNESCO Biosphere,

This spring we are getting you involved.

Every young person between the ages of 17 and 29 can be part of the first ever **Minett Beyouthsphere Youth Forum** and actively contribute to the improvement of nature protection and biodiversity in Luxembourg's only biosphere reserve.

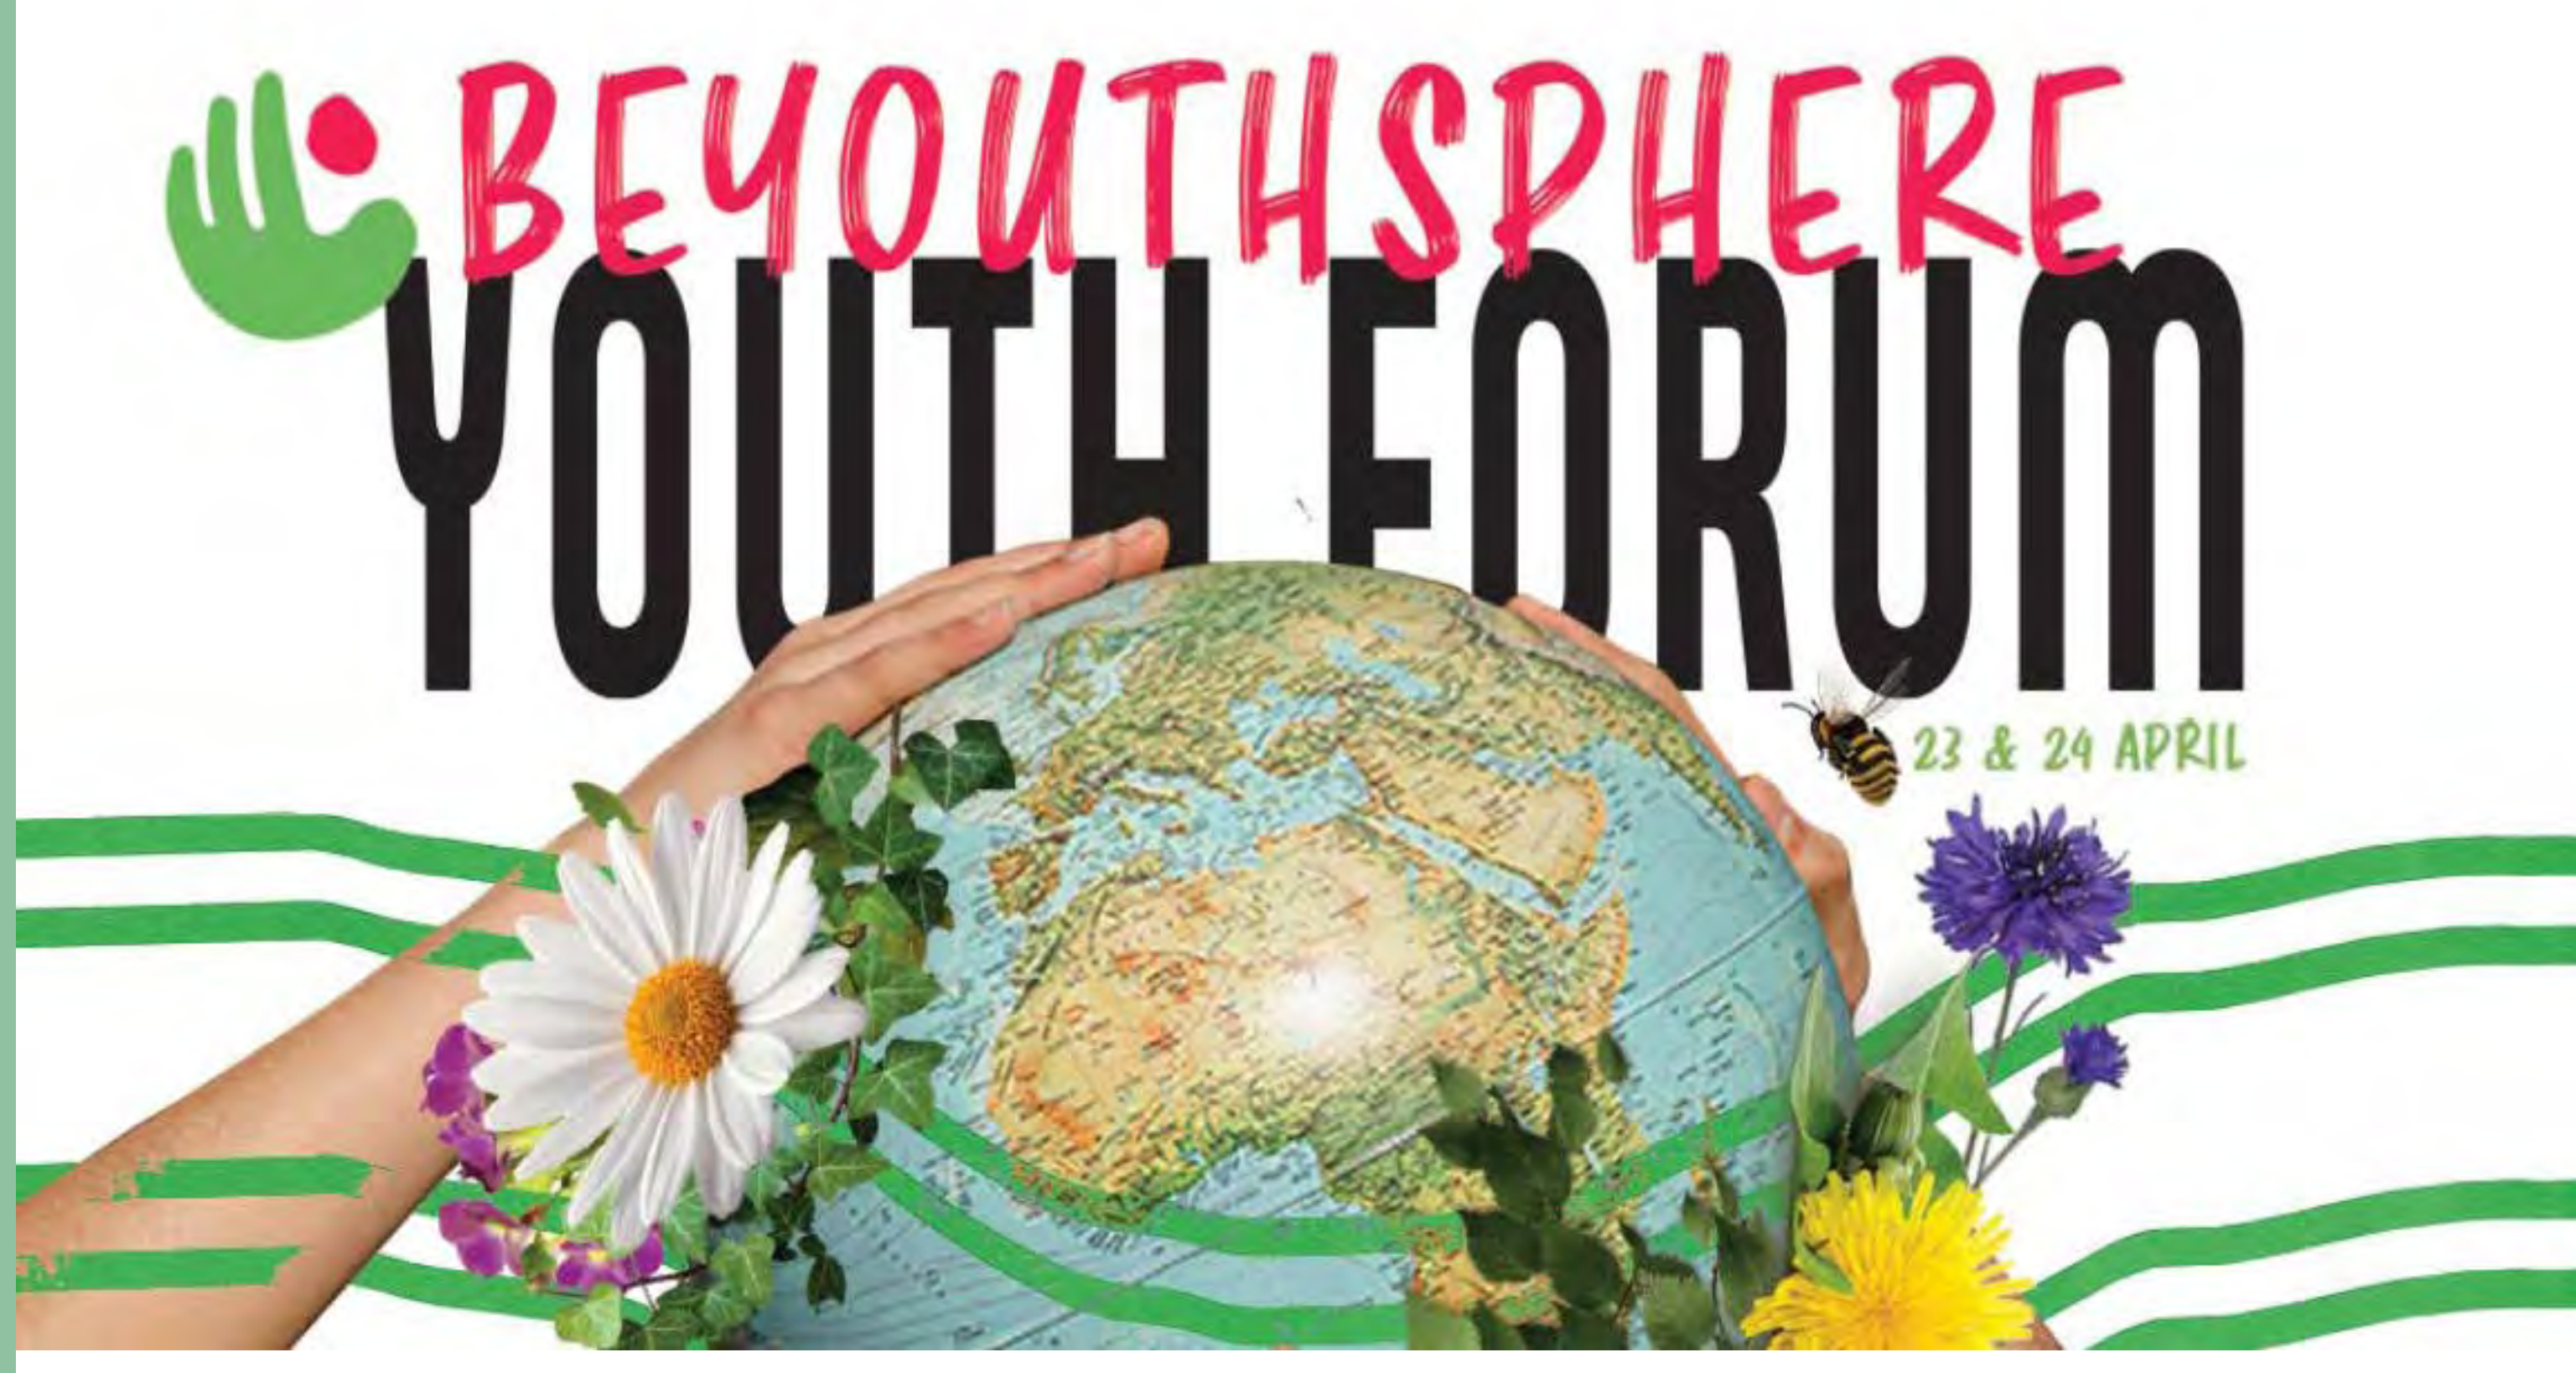

Without age limit, we invite you to Differdange for an **exceptional musical experience** in the framework of our youth forum.

Young and old alike were enthralled to **discover the woodlark** last weekend and everyone can take part to the **City Nature Challenge** in a few weeks.

These are the topics of our current newsletter. We hope you enjoy reading it and look forward to meeting you soon in our region.

Your Minett UNESCO Biosphere team

## MINETT BEYOUTHSPHERE YOUTH FORUM

You're **between 17 and 29 years old**? You want to get engaged in protecting our future? Then join us now!

On **April 23<sup>rd</sup> and 24<sup>th</sup>**, the Minett UNESCO Biosphere, and its partners, offers you the chance to act! Through a **series of workshops** in collaboration with environmental and creative specialists, we will **address current environmental issues** in the Minett, **find concrete solutions** for them to be implemented and present these solutions not only to local politicians, not only to local politicians, but also to two government ministers who have already confirmed their participation.

[INFORMATION & REGISTRATION](#)

To **celebrate the first Minett Beyouthsphere Youth Forum** in a worthy way, we have come up with something and invited **two exceptional Luxembourgish music acts** to perform for us!

Experience **Le Vibe** and **Culture the Kid** live on **April 23** from **8:30pm** at the **Aalt Stadhaus** in Differdange!

The **concert is free** and **tickets are available** now! Come and experience an evening of reggae and rap «Made in Luxembourg».

## DID YOU HEAR THE SONG OF THE WOODLARK?

Last Sunday, the Minett UNESCO Biosphere organised its **first interactive scientific workshop** of the new MINELL Nature Lab.

It **focused on the woodlark**, the secret star of our core zones. The scientifically interested visitors of the guided walk got an **insight into the habitat of the endangered bird** and learned more about the **specific protection measures** in our biosphere reserve.

## CITY NATURE CHALLENGE 2022

This year, the **City Nature Challenge** is leaving the boundaries of Luxembourg City for good and spreading throughout the Grand Duchy.

**Be part of the growing community** of committed citizens and **help the scientists of the 'naturmusée'** by actively participating in this challenge. It's **as easy as pie** to record biodiversity! Just use your smartphone!

The details of the **event in the Minett UNESCO Biosphere**, in collaboration with the 'naturmusée' and IMS Luxembourg, can be found here:
